EASILY ADJUSTABLE ESD PCB RACK (4 SIZES, 120°C)

SKU: 149T-RACK

120°C HIGH-TEMPERATURE RACK FOR PCBS - 4 SIZES

ESD safe PCB rack for up to 50 PCBs. Easy to assemble, clean and stack.
Ideal for use as general PCB magazine in a workshop, but also fitting loaders and unloaders on **automated SMT lines**.
A combination of 4 clamps and toothed rails in the top and bottom plate enable a **fast and easy adjustment** to the desired PCB width.

Specifications

- Max. no. of PCBs that can be accomodated: 50
- Side guide slot: Depth 3.5mm, Width 5mm, Pitch 10mm
- Materials: Strong aluminum frame combined with conductive plastics
- **Max. temperature for plastic parts: 120 °C**
- Surface resistance of plastic parts: 10^4 ~ 10^6 Ohms
- Compliant with IPC, IEC 61340-5-1-ESD, ANSI/ESD S541, RoHS & REACH regulations.

Available sizes

Code	Overall dimensions	PCB dimensions	Weight
149377T	355 x 320 x 563h mm	**350 x (50-250) mm**	11.9 kg
149628T	460 x 400 x 563h mm	**460 x (50-330) mm**	8.9 kg
149629T	535 x 460 x 570h mm	**535 x (50-390) mm**	10,7 kg
149627T	535 x 530 x 573h mm	**535 x (50-460) mm**	10.8 kg

VARIATIONS

SKU	Description	Dimensions
149377T		355 x 320 x 563h mm
149628T		460 x 400 x 563h mm
149629T		535 x 460 x 570h mm
149627T		535 x 530 x 570h mm
