WXS2020 WELLER WXSMART+WXAIR REWORK SET (4 CHANNELS, 300W) | T0053456699

SKU: T0053456699

WELLER WXSMART REWORK SET WITH WXAIR MODULE

WXS2020 - **Weller 4-channel multifunction station 300W** equipped with **high-efficiency internal pump** and tool kit.
All-in-one complete system, designed for the most demanding tasks in the electronics, medical, aerospace and automotive industries.
The WXsmart platform can potentially cover all soldering, desoldering and hot air applications, from the smallest to the largest component. **Intelligent station and tools** ensure full process control and traceability of the calibration history. **World-class connectivity**, an easy-to-use color touch-screen and cybersecurity complete the package. With the soldering iron supplied, the WXS2020 kit covers **heavy-duty soldering applications** with large component sizes (**from 1612 and bigger**), in fast heat-up and recovery times (**7 seconds**).
Fully ESD safe. Compatible with all WX and WXS tools.
Weller product no.: **T0053456699**. UPC: 4003019448104.

Scope of delivery:

- **WXsmart** (T0053451699) - **2-channel power unit for soldering applications**, 300 W, 230 Vac
- **WXair** (T0053452699) - **2-channel module for desoldering and hot air applications**, 70 W, equipped with integrated high-

performance pump

- **WXDP 120** (T0051320199N) - **Desoldering iron 120 W**, 24 V with **XDS 1 nozzle** (internal Ø 1.4 mm, external Ø 2.5 mm, length 10.5 mm)
- **WXUPS MS** (T0052923599) - **Soldering iron 150 W**, 24 V (tool without tip), Active-Tip, Thermal Core
- **RTUS 032 S MS** (T0050113299) - **RTUS Ultra soldering tip**, chisel shaped (3.2 X 0.4 mm), MIL-SPEC
- **WSR 200** (T0051517499N) - **2-in-1 safety rest** with metallic wool and sponge
- **WSR 207** (T0051518199) - **2-in-1 safety rest** with metallic wool and sponge
- **WCTH** (T0053450299) - **Cartridge tip holder** with 16 slots.
