

25CTREEOS ESD STACKABLE TRAY – REINFORCED (550X354X45HMM)

SKU: 25-CTR-EE-OS

HANS KOLB 25-CTR-EE-OS - ANTI-STATIC TRAY

25-CTR-EE-OS – **ESD** stackable tray made of CORSTAT™ anti-static cardboard, EE series with stacking plastic reinforcement and CORTEC anti humidity external coating. Model without foam.

CORSTAT™ ESD cardboard is internally and externally coated with a double conductive and static dissipative layer which makes it ideal for the storage and handling of ESD sensitive products within EPA areas.

Hans Kolb product no.: 10003516-0001.

Specifications

• External dimensions: 550 x 354 x 45h mm

• Inner dimensions: 496 x 327 x 40h mm.
