# 25CTREEOS ESD STACKABLE TRAY - REINFORCED (550X354X45HMM) 

SKU: 25-CTR-EE-OS

## HANS KOLB 25-CTR-EE-OS - ANTI-STATIC TRAY

25-CTR-EE-OS - ESD stackable tray made of CORSTAT ${ }^{\text {TM }}$ anti-static cardboard, EE series with stacking plastic reinforcement and CORTEC anti humidity external coating. Model without foam.
CORSTAT ${ }^{\text {TM }}$ ESD cardboard is internally and externally coated with a double conductive and static dissipative layer which makes it ideal for the storage and handling of ESD sensitive products within EPA areas.
Hans Kolb product no.: 10003516-0001.

## Specifications

- External dimensions: $550 \times 354 \times 45 \mathrm{~mm}$
- Inner dimensions: $496 \times 327 \times 40 h \mathrm{~mm}$.

ATTENTION: The picture shown is purely indicative. It shows the product and, in addition, product variations with foam (NOT included).
