

WDD81V WELLER DESOLDERING STATION (95W) | T0053256699N

SKU: T0053256699

WELLER WDD 81V DESOLDERING STATION

WDD 81V - Digital desoldering station 95 W / 230 V, operating with external compressed air or inert gas (NOT included).
 Weller product no.: **T0053256699N**.

Included accessories:

- **DSX 80** (T0051319099N) - Desodlering iron 80 W, 24 V
 Equipped with **DX 113** (T0051314399) - Nozzle for DSX 80 and DXV 80, external Ø 2.5 mm, internal Ø 1.2 mm, length 25 mm
- **DX 112** (T0051314299) - Nozzle for DSX 80 and DXV 80, external Ø 2.3 mm, internal Ø 1.0 mm, length 25 mm
- **WDH 30** (T0051515299N) - Safety rest for FE 75, LR 21 and TCPS with FE accessory
- **DSX 80** and **DXV 80** (T0051350099N) - Maintenance complete set.

Specifications

- Power: 95 W
- Supply voltage: 230 V, 50 Hz

- Channel: 1
- Internal pump: No
- Temperature range: 50 - 550 °C
- Temperature accuracy: 9 °C
- Adjustable temperature range (varies among tools): 50 – 550 °C.
