

QUICKSTAT DELUXE KIT - ESD FLOOR MAT WITH GROUNDING CORD (122X190CM, TH.2.5MM)

SKU: 131794X

ESD FLOOR MAT (2.5MM) WITH CABLE

ESD safe floor mat kit, including:

- **Quickstat Deluxe ESD safe floor mat**, made of 2 high-quality rubber layers (static-dissipative top layer / black conductive bottom layer):
 - **Dimensions:** 122 x 190 cm (+/- 1 cm) – Thickness: 2.5 mm
 - Colour of the upper layer: **Light Grey**
 - Connection (placed at one of the corners): Male snap button (Ø 10 mm)
 - Weight: 3.70 kg/sqm.
- **Grounding cable** (El.Mi product no. 640032B):
 - Length: 3 m
 - Connections: Female snap button (covered type) / Eyelet
 - Equipped with a built-in 1 MOhm resistor.

Quickstat Deluxe ESD safe mat kit

Installing a Quickstat Deluxe floor mat kit is extremely easy, quick and cost-effective.

The mat conductivity depends on its highly conductive lower layer. For this reason, it can be simply laid using a common **double-sided adhesive tape**, making possible an effective installation at very low costs. Earthing is done by the cable supplied.

Differently, to install **multiple pieces of mat**, it is necessary to glue them onto a copper grid with the addition of grounding points. PLEASE NOTE: In case of medium/large sized areas we recommend purchasing the roll format.
