

E21 LABEL REMOVER (200ML)

SKU: 101409C

E-21 PROFESSIONAL LABEL REMOVER

DUE-CI Electronic E-21 label remover is an indispensable help that rapidly removes any kind of **paper-label** from all materials without damaging the surfaces.

E-21 deeply penetrates through the porosity of the paper and (in a few minutes) neutralizes the adhesive power of the glue.

If the label is **plastic-coated**, spray between it and the surface until the complete removal.

Thanks to its extreme effectiveness, it's an irreplaceable and quick help.

The composition of the products has been studied to be compatible with almost all materials.
