

3-LAYER ESD BENCHTOP MAT ROLL (1.2X10M, TH.3MM)

SKU: 640733A

CUSHION ESD TABLE MAT WITH 3 LAYERS

ESD safe anti-static benchtop mat roll, dissipative, made of a highly effective three-layer material.

It is an ideal ESD protective bench mat, meeting the working surface limits and recommendations of EN 61340-5-1 standards. **Its thickness of 3mm contributes to soften impacts**, protecting the most delicate components from physical shock.

Specifications

- Colour: Light Blue
- Texture: Light embossing surface
- Dimensions: **1.2 x 10 m** - Thickness: **3 mm**
- Hardness: 45 Shore "A", per ASTM-D-412
- Operating temperature: 0 - 65 °C
- IEC 61340-5.1 compliant
- Certifications: MSZ EN ISO 9001:2001 EUROCERT
- **Maintenance:** Needs regular cleaning with warm water, adding a specific cleaner for dissipative surfaces.
