

DISPOSABLE ESD NITRILE GLOVES, BLUE (M/L, 100PCS)

SKU: 640862BLU_ML

SINGLE-USE ANTISTATIC NBR GLOVES

Disposable ESD safe gloves manufactured from high quality Acrylonitrile-Butadiene Rubber. Resistance to a wide range of solvent chemicals, excellent sensitivity, superior strength and flexibility. Accelerator free, sulphur free, itching free.

Package contents: 100 pieces (10 bags with 10 gloves each).

Specifications

- **Available sizes:** **M** (640862BLU-M), **L** (640862BLU-L)
 - M - Palm width: 95+5 mm, Length: 290 mm min. - Thickness: >0.06 mm
 - L - Palm width: 105+5 mm, Length: 290 mm min. - Thickness: >0.06 mm
- **Material:** Acrylonitrile-Butadiene Rubber (NBR) synthetic co-polymer
- **ESD properties:**
 - Surface resistivity: 10^{10} Ohm/Sq max.
 - decay time: 2 sec max.
 - Turboelectric charge: 2 V
- Compliant with RoHS and REACH standards.
