

F02 FLUX REMOVER (200ML)

SKU: 101371A

DUE-CI ELECTRONIC F-02 - FLUX REMOVER

F-02 Flux remover is a very useful product that **eliminates the toughest residues of flux remaining after the stain-soldering on the PC board.**

These drosses are often source of oxidising processes inside the conductive part of the circuit: **F-02 Flux remover prevents the oxidising**, assuring the correct working of the equipment.

It's a very effective degreaser and cleaner for PC boards and every kind of electric or electronic component: it completely evaporates leaving no deposits.

Excellent to prepare every printed circuit board to be covered by the Due-Ci's V-66 insulating coating.

Safe for most plastics.

Specifications

- Manufacturer: DUE-CI Electronic
- Packaging: **200 ml spray can.**

PRODUCT IDENTIFIER IN THE SAFETY DATA SHEET:

*Product name: **F-02 Flux Remover ml.200** – Code: **F02***

LABEL ELEMENTS:

Hazard labelling pursuant to EC Regulation 1272/2008 (CLP) and subsequent amendments and supplements.
