

FAST RECOVERY MODULE FOR GHIBLI PRO DRY STORAGE CABINETS

SKU: 151458-FAST

FAST RECOVERY module for GHIBLI PRO series dry storage cabinets.

Using compressed air (humidity-free) or nitrogen, it reduces humidity levels inside the cabinets **in a few seconds**. Once connected to the cabinet hygrometer, it allows you to always maintain humidity levels within the established limits.

ATTENTION: An external supply of compressed air or nitrogen (NOT included) is needed.
