

## PALLET TRUCK WITH INTEGRATED DIGITAL SCALE (2000KG MAX.)

SKU: 101477C

**TPWNBT-11 Network - Dini Argeo pallet truck with integrated digital scale**, entry-level model with high-end features.

Innovative pallet truck **without junction box**, the adjustment of each load cell is done from the display.

Equipped with **4 approved steel load cells** (IP67 protection rating).

It is the lightest on the market, while maintaining a robust and rigid structure to weigh accurately.

Compared to the previous version (TPWNBT), TPWNBT-11 integrates a **new CPU board** that enhances weighing speed and zero tracking.

**Manufactured, calibrated and adjusted in Italy.**

### Main functions

- **Weighing functions:** Zeroing, Tare, Preset Tare
- **Operating modes** (selectable directly by the user via dedicated button): lb/kg conversion, Free conversion factor (meter-counter, litre-counter, etc), Weight totalisation, Piece counting, Hold.

## Specifications

- Lifting capacity: **2.000 kg max.**
- Resolution: **> 0.2 kg**
- Accuracy (weighing of goods on Euro pallets with distributed load): **+/- 1 kg**
- Lifting height: **200 mm**
- STRUCTURE
  - Large 25 mm shockproof LCD display with backlighting and programmable auto-off function
  - Five-key waterproof keyboard for industrial use
  - Quick-lifting hydraulic pump
  - Steel structure, oven-fire painted
  - Steering wheels and loading rollers in poliurethane
  - Low profile forks (85 mm)
  - Fork dimensions: 1150 x 550 x 85 mm
  - Weight (without packaging): approx. 105 kg
- **Power supply via internal rechargeable battery**
- Power supply duration: **80 hours** - Charging time: 8 hours
- Protection rating: IP40 (IP54 with standard protective cover).

**Scope of supply:** TPWNBT-11 Pallet truck - Battery charger equipped with EU plug - Protective cover - Each pallet truck is tested and supplied with the corresponding certificate to guarantee the declared accuracy.
