

TL20 - SCISSORS FOR SMT TAPES (8-56MM, PITCH ≥ 2 MM)

SKU: 071941A

SMT SPLICE CUTTER

TL20 - Scissors with positioning pins for cutting SMT tapes.

It ensures a correct cutting of the tape, allowing precise splicings.

Suitable for **8 ÷ 56 mm strips**, with a hole pitch equal to or greater than **2 mm**.

The tool has **2 different positions**:

- For strips with a pitch equal to or greater than 4 mm
- For strips with a pitch lower than 4 mm (0402 and 0201 particularly).
