

ECO-STENCIL - TECHSPRAY CLEANING WIPES (100PCS) | 1570-100DSP

SKU: 072026C

TECHSPRAY SMT STENCIL CLEANER - WIPES

Eco-Stencil - Cleaning wipes for stencil and circuit boards, purchased in a **100 pieces** tear-off container.

Quickly and effectively removes all types of solder paste (e.g. waterbased, RMA, no-clean, lead-free, sn-pb) and uncured **adhesive** from screens, misprinted boards and equipment.

Completely safe on stencils, squeegees and equipment surfaces, Eco-Stencil detergent (also available in spray format) is an ideal replacement for IPA cleaners, which are often prohibited because of safety and environmental restrictions on VOC emissions or waste disposal issues.

Techspray product no.: **1570-100DSP**.

Specifications

- Cloth dimensions: **15 x 20 cm**
- Non flammable
- Low VOC, zero GWP
- Non-ozone depleting
- Compatible with DEK Nano-ProTek coating.
