SKU: 131484A

VAMPIRE VACUUM PICK-UP SET

VAMPIRE - ESD safe vacuum pick-up tool equipped with accessory set.

Handy and battery-free vacuum pen with an excellent suction capacity, it is ideal for handling and positioning **SMD components**.

Its high-performance suction nozzles **allow the lifting of components up to 120 g**.

Due to the electrical conductivity of all its components, VAMPIRE pick-up tool can be used in **ESD protected areas**.

Delivery includes:

- 1 x Vacuum pick-up tool
- 1 x Suction nozzle, straight
- 1 x Suction nozzle, 45° bented
- 4 x ESD suction cups with different diameters: Ø 5 mm, Ø 6.5 mm, Ø 9.5 mm, Ø 13 mm
- 1 x Lubricant set.
