

WELLER WLACCBS02 BRASS WOOL FOR TIP CLEANING (5PCS)

SKU: WLACCBS-02

Brass sponge tip cleaner in 5 pieces pack.

Metal wool dry cleaning effectively removes residual solder from your soldering tips without damaging them. When compared to cellulose sponges, it maintains tip temperature, improving the productivity and quality of solder joints. It prevents rust and blackening for increased soldering tip life. Very easy to use: simply plunge the iron tip into brass coils. Weller Consumer product no.: **WLACCBS-02**.
